New Coloured Zones in Rimrose Valley Country Park

To help local people and services find their way easily around Rimrose Valley Country Park coloured zones have been introduced.

The new bright coloured zones will assist at times of emergency. The zones will make it easier for police, fire, ambulance or council staff to find the location of any incident they are looking for.

Look at the map overleaf to find out where the different coloured zones are. If you have to report an emergency in the park the new colour coded zones should help you describe exactly where you are.

In an emergency, always dial 999. An emergency is when the police, fire or an ambulance is needed immediately. This can be when a crime is in progress or when somebody is in immediate danger.

Working together to make Sefton's parks and open spaces safe and accessible for all
